By a unanimous vote of the directors, ol, B. A. Neale was elected president of the Cairo and Tennessee River railroad. "In the election of Mr. N. as the president of this road, says the Mayfield Democrat,' we think the directors made a wise selection, and chose the right man for the important and responsible position. His well-known zeal and energy, argues well for the success of the enterprise, upon which depends the future growth and prosperity of our town, and of making it an important railroad center. We consider the election of Mr. Neal as a great compliment to our town and county, and we trust our people will with a united effort and a liberality worthy of them, assist the president in carrying out this great work. We are fully satisfled if the enterprise falls, it will be no fault of his.
